Gabby's Dollhouse Spin-Off Pitch Bible

Paw-some saucesome!

It's time for the:

(Later called:"The Pandy Paws Show! (Featuring Mercat, DJ Catnip, & Catrat)" in seasons 3-5)
Pitch Bible!
"When Gabby's away, the cats will play!"

WARNING:

Mercat insists that everyone MUST feed their cat (if they have one) and wash their hands before reading this bible.

THE STORY

Pandy: “Who wants a hug attack?! (Trademark: Pandy Paws, please do not steal)”

So what in the name of all that is soft and fluffy is this show about?!

Well, it’s a wacky, slapstick style 2D animated show about 10 wacky loveable feline roommates who go on ridiculously funny, yet sometimes heartwarming misadventures in a cat themed town filled with talking cats united by their love of waffle, get into trouble, (sometimes) learn valuable lessons, and eat tons & tons of tasty, syrupy waffles! All before their human friend gets home from school. The End. Just kidding! **ahem**

Ever wonder what do The Gabby Cats do when Gabby's at school? Just ask Pandy J.Q. (short for "Jordan Quincy") Paws The Third, A young, carefree, (if not mischievous) scrappy, and always hungry 10 year old cat and his friends, all with one goal in mind: FUN!

Whenever Gabby goes to school, the Gabby Cats used to spend their days bored, sad, and waiting for Gabby to come home. Until one day: Pandy "Hug attacks" DJ Catnip, (a little too hard, Whoopsies!) causing him to activate a secret lever which opens up a portal (don’t worry, nobody was hurt, thankfully). Of course, the Gabby Cats (even Mercat!) couldn't resist wondering what was in that portal, so they packed their bags, and thought of it as a vacation as they jumped in Carlita, and jumped into the purplish-pink portal. And during the travel between dimensions, Pandy got zapped by lighting and gained a cool new power: MAGIC EARS!!! (and a cool lookin’ cowlick' too.)

When they got out, guess what the Gabby Cats found? Purropolis! A feline paradise where cats of different shapes & sizes can pounce on Yarn Ball Trees, sleep under the shadows of tall buildings, and eat tasty waffles at Kitty Fairy's greedy but kind Uncle Gizzy's "Scratching & Munching Post™" (he LITERALLY lives there.), all under the (not-so) watchful eye of the goofy Mayor Hector T. Fuzzybottom & his deadpan secretary, Emo Galacis.

So the cute & cuddly, yet feisty feline roomies decided to hang out and live in Purropolis in a replica of the dollhouse in Gabby's bedroom on top of a hill away from this city, and give Pandy his own Room! (in the music room that is.) until Gabby comes back that is. But shhh! Don't tell Gabby! The Gabby Cats agree that Purropolis MUST be kept a secret so Gabby doesn't get too jealous (at least, that's what THEY think).

Instead of a 25-minute long episode like its predecessor: Gabby's Dollhouse, The Adventures of Pandy Paws and the Gabby Cats will have 2, count 'em, 2 separate 11-minute episodes with either a new original song, D.I.Y. craft, or exclusive segment in the middle! (so basically, Gabby Cat of the Day 2.0) Every single episode will be filled to the brim with cheesy slapstick comedy, purr-diculously funny cartoony faces, wild takes, un-purr-dictable shots of real life and random lame jokes, paw-some transitions, and MOST importantly: Friendship. (with a hint of sass.) & Every episode will end with an Iris Out, usually shaped either Pandy's paw print, or somebody else's.

When something in the city of Purropolis goes wrong, (& it ALWAYS does!) Reckless, yet well-intentioned Pandy uses magic ears that make anything he thinks of come to life, to try and fix the problem, just by wiggling them! (much to Mercat's and Cakey's dismay…) Unfortunately, there's just one problem: Since he's new to using magic, and had ZERO Ear Magic training, Pandy has NO idea how to control them! (well, not *yet*, but still!)
Which usually (always) makes the problem even worse than before. For instance, he could turn that rock into a cheese spewing volcano, he could change your lava lamp into a jaw snapping crocodile, and he might even use his Magical Ears to shapeshift his bed into a stampeding dinosaur with hot dog vision and laser breath. And that's just the NORMAL stuff!

(Think The Dog and Pony Show meets Abby Hatcher: Fuzzly Catcher, mixed with Wow Wow Wubbzy, Ask the Storybots and Baby Shark's Big Show, with a hint of extra slapstick themed humor, and you get the most purr-fect TV Show, yet!)

But with the help of his BFFPs' (Best Feline Friends Purr-ever) Mercat Scaleaton, the sassy, stylish, & dramatically smart spa scientist/leader,(whom Pandy & Catnip both have a secret crush on that only Catrat, Mercat & Robo-Gabby knows about) DJ (AKA Daniel James) Catnip Goovezowski, the super goofy & groovy musician (who usually never takes off his hoodie in public, EVER), & Catrat Von Whiskers, the grumpy, snarky, coffee loving sneakster with soft side who happens to be Pandy's closest friend (next to Gabby of couse), & a zany cast of cats & friends both old (mostly from the Dollhouse) and new (mostly from outside the Dollhouse), Pandy might be able to (hopefully) control his magic ears and fulfill his dream of being like his hero: Captain Meowatude! (If he could ever control his appetite long enough that is.)

Whenever there dealing with their mean landlord, Harsh Strictly (who HATES Kittycorns & happiness of any kind) and his overly friendly hench-bird/pet talking Meowl and core opposite, Squawky, who are both constantly trying (and failing) to find and catch Kico the Baby Kittycorn (Cakey's adopted pet Baby Kittycorn) they use her magic to make the world miserable so Harsh Strictly can be truly happy, (& That's pretty bad.) dealing with the everyday drama of being feline roommates living in a dollhouse, or just messing around in Purropolis with pranks & shenanigans, one thing's for sure: the Gabby Cats will always end up at the same place: TOGETHER! (Even if Catrat DOES complains a lot.)

But is Pandy Paws REALLY ready to handle strong, powerful magic beyond his own wild imagination?

(He's not, But he IS willing to give it a go anyways!) Because for Pandy Paws & the Gabby Cats, every magical glitch is a brand new adventure!

THE CHARACTERS

WAIT! So what IS a Gabby Cat?

If you somehow DON'T know what a Gabby Cats is *yet*,

(Catrat: There are people like you that exist?)

They're colorful half cats/half creatures and/or objects that have different powers and Purr-sonalities that each make them unique. Some are really good, some are… Well, not so good… BUT they do share one thing in common: they LOVE waffles! (Way too much if you ask us…)

Like any good roommates, with their human friend Gabby around to keep the peace and order around here, they usually have BIG reactions to little things & SMALL reactions to big things. For instance, if Pandy's fleas are plotting to overthrow cat kind, they'll simply deal with that later. Or if there's an earthquake, they'll use it as an excuse to make tasty

milkshakes. But if the milk is about to expire, the Gabby Cats will chug it down like their lives depend on it! And if batteries in the remote runs out of juice, they'll rush to the nearest stormcloud to recharge them and save money.

But that's just what they do, because the whole point of being roommates is to not just mess with one another, but treat each other like one dysfunctional family. Because when it comes to the end of the day, it's (mostly) all love.

If the Gabby Cats ever want to get something off their chests, or just need a private moment to themselves, not to worry! Mercat just installed Confession Cameras all around near the Dollhouse while you were reading this Pitch Bible, so we know what the Gabby Cats (And sometimes Non-Gabby Cats!) are REALLY thinking.

Even though that without Gabby, the Gabby Cats know that their friendship will be tested, their tempers (that most of them didn't even know they had yet!) will boil, and most of both Purropolis and their stuff will either get blown up, smashed, transformed, electrocuted or destroyed, that will NEVER stop them from being such PAW-some Friends!

Now let's meet the cast of cats (and non-cats) living in Purropolis!

Main Stars:

Pandirius "Pandy" Jordan Quincy Paws III (The Third): our main star

“Oh snickerdoodles!”
“Paw-some saucesome!”
“What could Pawssibly go wrong?”

Like most kids, Pandy Paws is a rambunctious, reckless, and hyper 10 year-old cat and the youngest of Team Pandy™, who enjoys eating (a little too much), hug-attacking, reading comics about his idol: Captain Meowatude the Super-tasic Wonder Cat, and doesn't (and probably never will) understand girls.

Oh, and he also has something that most kids DON’T have: Magic ears! Which means he can literally bring whatever kind of crazy imaginary thing and/or creature he’s currently thinking of to life, whenever Purropolis wants him to or not, that’s probably why he just loves to make and/or take any excuse to use them and to try and fix whatever problem he may or may not have caused. For instance; he’ll turn the fridge into a really cool giant robot to speed up getting free ice, he’ll make a humongous skate ramp out of a little tree stump so he can break his skating record, and he’ll even create a monster size ice cream sandwich to soothe his friends’ frosty treat craving. Yum! Too bad that due to them being a “little" glitchy, they often create more harm than good. (Did we say a little?)

Sure Pandy may act like an annoying little brother, and isn't good at controlling his magic ears (*yet!*), but he knows he can always count on his friends to (somehow) get him out of trouble, and make every day in Purropolis the best day ever! (Even when he doesn't mean to.) Which always gives him “The Happy Zoomy Twirls”!

And yet, he practically *almost* NEVER learns his lesson for too long.

Pandy's Magic Ears Chant (Similar to Gabby's Magic Ears Chant):
"🎵A wiggle on my left, A wiggle on my right
With my magic ears, I'm gonna bring feline delight!🎵"

How Pandy's Ear Magic Works (according to Kitty Fairy's copy of "The Fairly Magic Handbook for Newbies"):
CAN:
-Literally make Pandy's imagination can to life
-Transform anyone or anything he choses
-Make Good and Bad things happen depending on his emotions
-Look VERY sparkly

CAN'T:
-Mess with true love

-Cheat in any contest or games
-Directly hurt or destroy someone no matter how much they deserve it
-Work on invisible landlords, Meowls and/or teachers, Kitty-Armadillos Purple Cheetahs, Green Llamas, Dragons, Puppets (without The Puppet Fairy's permission) or hippies, especially the one that can float

-Work properly when sick, tiny (Because tiny magic= cheap parlor tricks), melted, tired or frozen
-Bribe people willingly
-Make free money
-Make breakfast related magic happen after 10:30
-Steal
-Make sleep-related magic without The Sandman's OK, you got that?
-Make teeth-related magic without The Tooth Fairy's OK
-Ruin Holidays, especially Christmas (For obvious reasons)
-Turn Santa Kitty into a frog or any other animal that's not a magical feline version of certain x-mas icon, especially during the holidays

& That's just the first few pages!

Merlina "Mercat" Tulip Scaleaton: The World's Smartest (And Prettiest) Mermaid

“I leave you alone for 1 second to get tea, ONE second! And you’re already in trouble, young man?!”
“No Pandy! No ear magic! We gotta handle the situation logically. And by “We” I mostly mean you.”
“Ah, seaweed!”

So if Pandy’s the main star of our show, then Mercat is the voice of reason of the group. Or at least she WANTS to be.

The chief, the boss, the leader, the one in charge, the big head on top the.. Well you get the picture, right? When the others are lost, (and they always are!) Mercat is (usually) there to guide them on the right path. Smart, sassy, (and we mean VERY sassy!) stylish and a little TOO somewhat bossy, Mercat is the (unofficial) fabulous neat freak leader of the Gabby Cats and Team Pandy™ who tries to keep the others (especially Pandy) out of trouble, and she just doesn't understand why she and Cakey are the only ones who actually WANT to “Handle the situation logically”.

Sure, her roomies (mainly Pandy) might be a handful, (and exhausting) and hard to keep under control, but she could never stay mad at them! (Even if she tried!)

Thanks to her never ending beauty, when she comes on to the scene, (almost) every boy in Purropolis stop and drool in their tracks. Then again, why wouldn't they? Mercat can build an

invention out of (almost) anything, change the color of her scales, (Depending on her mood) and she speaks Japanese! (Plus, she secretly knows about Pandy's and DJ Catnip's secret crush on her. But she doesn't tell them (until the series finale) to save the embarrassment like a good friend.)

As the (often ignored) voice of reason, Mercat often tells (or at least tries to tell) the Gabby Cats the consequences of their actions, but at least Mercat knows when to let loose and have fun! But the problem is that while the other Gabby Cats often say: "YEAH!" when they SHOULD be saying: "Maybe…", Mercat often says: "No." when she SHOULD be saying: "YAS!"

(And not just because she knows that ever since Pandy accidentally got magical powers that he doesn't fully understands yet, Mercat's once calm and quiet life, much like her full respect as a (unofficial) leader, was tossed out the window, faster than you could say: "Sweet and Salty Seaweed!")

But luckily, Pandy and the others are always ready to push Mercat out of her comfort zone, and into her wild fun zone! (Which happens way more than you think, when you think about it.)

And overtime during the show, Mercat slowly starts to actually like Pandy's Ear Magic as much as he does. No wonder the others Gabby Cats (especially Pandy) likes her!

Fun Fact: Even though she’ll NEVER admit it, Mercat is the biggest Gossip queen in all of Purropolis!

Daniel James "DJ" Catnip Groovezowski: Just Your Friendly Everyday Neighborhood Musician

"WEEEEEEEEEEEEEEEEEEEE! This is fun, ya'll!"
"& THAT'S why I always wear a hoodie."
"Duuuuuude! Nice."

Goofy, fun, and a bit scatterbrained: That's DJ Catnip in a nutshell.

DJ Catnip doesn't just eats, sleeps, and breathes music, he LIVES it! Known as the ultimate party animal, This groovy DJ may be a few music notes shy of a full song (if you know what we mean), but Catnip is always up to lend a helping paw (,err.. at least we THINK he has paws.), or for a party, even when nobody asks him yet!

Simple, positive, and easy to please, DJ Catnip is just happy to be involved in Team Pandy's wacky adventures. He only takes off his hoodie when NO ONE'S looking, (Which raises some questions……) and is willing to follow either whatever hare-brained scheme Catrat has cooked

up, or support Pandy's Ear Magic 112% all the way! And the more insanely fun a crazy plan (which felt like a good plan at the time) sounds, the MORE he wants in! (Even though he sometimes switches sides when they get busted!)

He's like that one guy who acts like he's in his own world not fit for ours. (Which would explain his randomness…) For instance, he might push the broken button just to see what it does, he'll follow a tail for Kitty Ducks into a U.F.O.,

(Catrat: "Welp, looks Catnip got abducted. Again." Mercat: "AGAIN!? That is the 12th time this week!" Pandy: "(*Sigh*) I'll get the net… AGAIN.")

And he'll even believe you if you told him that Ninja Space Crows from Planet XLRQ-Quantum-V drank his Chocolate Milkies! (And of course, that's what Catrat did when he, Mercat and DJ Catnip were still in High School, before they met Pandy.)

But at the same time, he does his best to keep the team together using the power of music, *yet*, and being the few people who can tolerate Pandy's magical glitches, Mercat's "not-so picture purr-fect" leadership, and Catrat's snarkiness/rudeness, because sometime, he feels like he's the only one with the right amount of positivity as human Gabby does, to keep his homies happy.

You might even say that he's Gabby's substitute when she's not around!

Role: The Funkadelic* Goofball (*Yes, that's a real word.)

Breed Of Cat: Half Jellyfish Like Alien(?)/Half Purple Scottish Fold

Nicknames: Noodle-Limbs (Catrat), Hoodiehead (Catrat), DJ (Everyone), Catnip (Everyone), Sir Nippson (Mercat), Catnippy (Mercat, Pandy, & DJ Catnip's Parents)

Dislikes: Getting tangled, Big words that hurts his head, Green llamas, Frowning

Skills: DJing, Eating gravy, Spinning his "legs" to fly, Stretchy limbs & frog-like tongue

Pros: Friendly, Positive, Upbeat, Loves parties and music, Energetic, Has the BIGGEST groove out of all the Gabby Cats, Loves all his roomies, Extremely weird

Cons: Definitely not the brightest, Extremely weird, Gross, Eats butterflies like frog

Fun Fact: Thinks Cakey's a girl

Charlotte* (*He HATES being called that*) "Catrat" David Von Whiskers: The best character on the show! (At least that's what he'll tell you.)

"Oh, don't be such a worry-cat, you twit."
"Welp, If anybody needs me, I'll be groaning myself to sleep."
"A-Ha to the cha!"

If the Gabby Cats were an ice cream sundae, This blue furry grump would be the sour gumdrops on the hot fudge of funness.

More sour than sweet, one of Pandy's BFFPs, (Best Feline Friend Purr-ever) Catrat, is a sarcastic, grumpy, eye-rolling, coffee-drinking, advantage taking, lying, self-centered, somewhat cynical and sadistic, greedy, lazy, brutally honest and snarky (but well meaning)

grumpster/master scammer of a cat with a dry sense of humor who thinks he's better than (almost) everyone else, & LOVES to be the center of attention. (Kinda like Mercat!)

Unlike the other Gabby Cats, Catrat prefers to "Keep it real", by staying indoors, drinking coffee while watching TV, than doing anything that involves physical movement, Except maybe record Pandy's crazy stunts, or any embarrassing moments that happen in Purropolis with his camera.

And yet, Pandy STILL looks up to him, and not just because he's the oldest and strongest of the Gabby Cats (Next to the Box family), and he'll be the first to tell you.

He might be kinda rude, (*Especially* to love/hate relationship frenemy buddy, Mercat) But deep down, underneath his macho exterior, lies a soft, gooey center that only makes Catrat seem tough on the outside to hide his vulnerability for the Gabby Cats, & no matter how many times he calls them twits, secretly, he actually cares deeply for his friends, more than anyone how live in the Dollhouse with him.

Oh, and he does NOT like getting wet. Like at all.

Role: The Muscles/Grouch Of The Group

Breed Of Cat: Blue Exotic Toyger (Bengal/Shorthair)

Nickname: Selfish Grouch, (Mercat), Mr. The Catrat (Mama Box, The Box Brothers, Baby Box, Squawky, Luli-loo & Hsui-Hsui), Mr. Macho, El Macho Gato, The Catrat, The Sneak-minster, King Awesome-sauceness, The Masta-Sneaksta, The Blue Wonder (Catrat), Sr. Hunko (Catrat, Carlita), Catratty (Catrat's Grandma)

Likes: Coffee, Eating sardines, His sharp Claws, NOT Taking baths or getting wet, Having secret extra cute and girly tea parties with Kitty Fairy, (Just please, DON'T tell anyone, ok?) Money (Need we say more?)

Dislikes: Getting wet, Gum, (Especially gum in the fur,) The dreaded Morning Breath, Tail cramps, Mercat (Sometimes), Mercat's bossy nagging, (then again, who doesn't?) People finding out he *actually* likes girly stuff (Hey, he DOES have a reputation to keep, ya' know.)

Skills: Popping out of Hidey Holes, Sneaking, Scamming, Lying, A Black Belt in Cat-Fu

Pros: Able to squeeze through tight spaces, Master of Cat-Fu, Quick, Swift and agile

Cons: Snarky, Rude, Lazy, Sarcastic, Brutally honest, Greedy, Steals shiny thing, acts like a conman/cat, Not the best role model to Pandy and the kids

Fun Fact: Formerly known as The Blue Ninja before he retired (but the other Gabby Cats don't know that *yet*. At least, not until the season 1 finale, that is.)

How Team Pandy came to be

One day, each of the 4 Members of Team Pandy decided to finally become 1 hive-like mind.

Not because they have the BIGGEST quirks out of all the Gabby Cats, but because each of them thinks they're the reason the Gabby Cats are NOT falling apart (as much).

Pandy thinks his new magical powers are the only reason the Gabby Cats have any crazy awesome fun when Gabby the human's not around, Mercat thinks she's the glue that keeps the team together, healthy, & safe, and DJ Catnip thinks he's one stopping the Gabby Cats (mainly Mercat and Catrat) from destroying each other when they disagree on something. (& Not with funky grooves that is) The only difference is that Catrat KNOWS he's the only reason the Gabby Cats haven't accidentally blown up the world *yet*. (Whenever he feels like it, that is…)

But despite their differences, (and trust us, they have A LOT,) This dysfunctional quartet of cats always find a way to (somehow) save the day and solve the problem. (As soon as one of them (*cough, cough,* *usually Pandy,* *cough, cough*) accidentally causes it first.)

In a way, a really, REALLY weird way, Team Pandy is basically like one, big, dysfunctional family. (Of talking cats, that is.)

Pandy is like “The Son” who just can’t help but use his Magic Ears to either do the wrong things for the right reasons, Like, you know, cheat a “tessney-wessney” bit, impress cute girls, (usually to make Mercat get all Jelly-pants* (Jealous*)) and prove how macho he really is, or to make his life more awesome, and less lame-sauce.

Mercat is like “The Mom” who often cares a “*little*” too much about Pandy, and treats him like a 12-month old baby. Yet at the same time, she ain’t afraid to scold and discipline her friends when they mess-up (Which happens alot, when you think about it…).

DJ Catnip is like “The Weird yet Cool and Dope Uncle/Step-Dad” who both confuses and cheers up his closest pals at the same time whenever they're feeling down and in Sad Town. Yeah. THAT one guy.

And Catrat is like “The Dad/Older Brother” who acts like he doesn’t even care that much about his “feline family” of friends, but deep down, under a layer of annoying twits and overly happy and positive knuckleheads, he really DOES care about them. (He just doesn’t make THAT big a deal about it.)

And during each season, Pandy’s new found magic (somehow) gets better, stronger and more powerful over time, but that doesn’t mean he’ll STILL won’t stay out of trouble!

Supporting Stars:

Cupcakeortin "Cakey" Isabelle* Sprinkles: Sensitive yet sweet Francesco "Kico" Rainbow Sparkle GlitterPants Kittycorn: Cakey's loyal pet Baby Kittycorn

"Oh sprinkles!"

"But I'm allergic to pain!"

This calls for a SPRINKLE PARTY!!!

"(*Kittycorn sounds*)"

Cakey is a sometimes shy and sensitive but sweet and kind little cupcake who lives in the kitchen with his cute yet feisty, (and sometimes sassy) pet Kittycorn, Kico, who shares a love of cooking as strong as her hatred of Harsh Strictly with Cakey. Making them a purr-fect pair of chef and chef's assistant! (If chef's assistants had fleas and acted like dogs, that is.)

While Cakey loves to bake sweet treats and add extra sprinkles, (& Go on dates with his girlfriend, Kitty Fairy) Kico moved in with the Gabby Cats after she found out she loves cooking as much as her new owner, Cakey!

Cakey may not be the bravest, or the strongest, or the toughest, but with Kico's help, he IS the best cook around! (and not just in The Dollhouse we mean.) With Cakey's mad cooking skillz (with an Z, not an S, there's a difference) & Kico's loyalty, together this cooking duo can make yummiest snackies for your tummies, one day fulfill Cakey's dreams of being the greatest (and only) Cupcake/Cat hybrid chef in the world, and then have a SPRINKLE PARTY!

Born with an incurable case of FCD (Fierce Cat-titude Disorder), & WAY too much energy in her oil, Carlita moves fast, loves sports, and sometimes takes her love of winning too far like any old tomboy.

But that's only because Carlita is a one extremely fiercely independent, feisty Cat-Car & the Gabby Cats' main form of transportation who's only the bravest when Pillow Cat is around to support her, (Even if she knows that Carlita had a tendency to steer clear of trying new things before human Gabby encouraged her, like a good friend should!) and is NEVER afraid to get her wheels dirty.

& Carlita's no girly-girl, she's a HARDCORE female of a car, baby! Plus, she's Catrat's (only) #1 wannabe girlfriend, and in fact, she dreams of dating him, one day, too bad Catrat doesn't feel the same way! (Nor would he want to.)

When she's not in the garden, she can either be seen dating and flirting with her boyfriend Cakey, (Aww! How cute!), chewing on some candy, or helping her Uncle Gizzy in the Scratching & Munching Post™.

As the (very oh-so adorable) air support of the group, sure, Kitty Fairy's a BAD liar, (She literally CANNOT tell a lie. (Props to Abe Lincoln BTW)) but she IS a good friend. Just don't mess with her garden, Diddly-Boppers or her sweet wittle “Cakey-poo” or you'll be sorry!

"Borg."
"Borg?"
"BOOOOOOOOOoooooooorrrrgggggg…."

Known as the man, er... robot of few words, In fact he can only say "Borg." to be precise, Blinky Borg was a gift from Catrat's parents to sever his every whim. Too bad he’s not a fan his job as being Catrat's Purr-sonal robot butler.

Sure he can make drinks on the fly, make a giant computer and/or TV pop out of his head, (Don't worry, it's painless to him.) & play karaoke like a jukebox in jukebox mode, but he rather be drinking oil on the beach than being treated like a, well, butler.

When Mercat saw that Pandy misses Gabby back home, she was left with no choice but to do what good friends do: Build a robot version of Gabby herself!

Despite the fact that Robo-Gabby often has trouble understanding the world around her, Robo-Gabby can always find the bright side of things, even if there isn't one, *yet*! Robo-Gabby looks just exactly like human Gabby, (except that Robo-Gabby has green power off/on button on her chest and is made of metal.) which makes her the purr-fect robo-buddy! Luckily, unlike his other family members of once feared Kittycorn hunters, he is very, very, VERY bad at it. But don’t expect him to NOT be persistent about it, at all…

Squawky Chirper-Strictly: “Harsh’s” overly kind and upbeat pet/“Hench-Bird“ Rare Green Feathered Talking Meowl (& secretly, only true best friend) who, believe it or not, despite his charming and friendly puur-sonality, wants to be the greatest evil hench-bird ever.

Spicy Fairy Burner: Kitty Fairy's Childhood Rival & Aunt Fizzy's Niece.

THE LOCATIONS

Purropolis: (The main setting of our show)
-Purropolis is a rustic yet charming not-so-little town filled with friendly faces, talking cats, tall buildings, Yarn Ball Trees, a Milk Fountain, a hill that's a straight slide across from town and of course: WAFFLES! It was a pretty calm and simple town where nothing too weird ever happened. Until the Gabby Cats showed up, that is….

Paulie's Hill: -When the Gabby Cats first (accidently) arrived in Purropolis, the first thing the Boxxer Family did was build an exact replica of Gabby's Dollhouse, & even gave Pandy is own room in the music room, (Ok, it's just that spot near the piano that Mercat modified up to Pandy's taste, but hey! It works!) so the other Gabby Cats have a place to live in on the purr-fect spot: On top of a really big and tall hill, that's just a slide away from the city part of Purropolis, named after the guy who first found Purropolis: Paulie "Paul" Gerald Meowsworth. How nice of them! Wouldn't you say?

The Dollhouse: -Everybody needs a home to live in. And for the Gabby Cats, that home is a 3-story cat shaped dollhouse complete with a Garden, a Kitchen, and

Music/Living Room, a Bathroom, a Bedroom, a Playroom, a Craft Room and even a Party Room & a Kitty Care Ear.

Mr. Strictly's & Squawky House: -Harsh Strictly is NOT a nice person at all, and as you can expect his house is "a bit" of a broken, worn-down dumpy, sorry excuse for a home that sadly, is right next door to the Dollhouse. But it's actually quite nice on the inside. (After Squawky did most of the redecorating himself, that is.)

Town Square: -The main place to get a snow cone from Luli-loo & Bitty Fairy, get bullied by Punchy McKnuckles and his lackeys: Hippy & Hoppity, And drink from/admire the milky fountain.

The Bad Side of Purropolis: -Oh, you do NOT want to be here if you're new to Purropolis! Why? Because it's filled to the brim with all sorts of naughty & mean cats of all shapes and sizes. And the worst part of it? Resident bullies Punchy McKnuckles, Hippy & Hoppity live here!

The Cheese Spewing Volcano: - Pandy "Ear-Magiced" her (He thought she was a boy) a while back when he decided to celebrate living in Purropolis for 2 weeks by lava surfing. Well, cheese lava surfing, but still…

The Scratching & Munching Post™: -If you love Waffles & magic, then THIS is the place for you! Despite the kitchen being nothing less than a bunch of health hazards just waiting to happen & the staff being limited to 2: Head Chef Uncle Gizzy and Waitress Kitty Fairy, Purropolis' 1# and only Magic Waffle themed diner is where you can find our heroes: Team Pandy, and dine on some of the many 2,000,000,1 flavors of Uncle Gizzy's prize winning homemade Waffles.

The Burners' Chili House™: -The other diner smack dabbed across the streets from The Scratching & Munching Post™, and where the Flutterson's main rivals: the Burners cook deliciously hot, hot, HOT chili. And when we say HOT, man, do we mean HOT!

Purropolis Hospital: -When somebody gets hurt, or sick, or is not feeling well just yet, they go to the best (and nearest) Hospital they know! Just don't get on Dr. Yeti With A Bird's Head's bad side and you're sure to feel better in no time flat!

Fairy Farms: -Where all the sweet magical fruit, veggies and grains get grown and sent down to Purropolis, so all the cats and kittens who live there can NOT starve.

Dogberg: -Underneath the beautiful peaceful grassy plains of Purropolis, lies the dreaded, awful, and just plain rotten to the core town of Dogberg. Ruled with an iron fist, err… Paw, by The evil Dog King (He's a "Big-Boned" Bulldog) and his lackeys like Wolfy Claws, Dr. Sea-huahua, MC Dogbreath and Dogfog, no intruder (ESPECIALLY cats,) even thinks to dare to come here and face the really super rotten Doomie Dogs and stop their plan to overthrow Catkind and dominate Purropolis for part of their evilly, diabolical conquest plan!

The Episodes (And yes, there will be Title Cards.)

01: The Fairy Berry Tree/Chicken Paw-oxs: On the hottest day in Purropolis, Team Pandy becomes CRAZY obsessed with Kitty Fairy's Fairy Berry Juice, and unfortunately, even becomes Fairy Berry Juice addicted zombies-like monsters who starts a very extra juicy takeover on the Dollhouse. Straight from The Fairy Berry Tree! But the good news is we get to see Pandy in a tribal grass skirt! /The Gabby Cats get a bad case of Chicken Paw-oxs, and it only gets worse when Pandy's Ear Magic turns the Gabby Cats into… Gabby Chickens!

02: Volca-No You Didn't!/The Waffle-Free Diet: When Pandy uses his magic ears to make a Cheese Volcano so he can go lava surfing, it backfires and now The Gabby Cats need to stop it before it destroys Purropolis!/Mercat puts herself and Team Pandy on a strict waffle-free diet after eating too many waffles. Which is MUCH harder than it sounds.

03: Pan-Fluenza/Robo Pandy: Pandy gets the Kitty-Flu and refuses to stay in bed (due to him acting delusional and clueless) which leads to problems, while his friends try to find the one thing that can cure him: A box of “Kittycorn Puffs”./To avoid doing chores, The boys (Pandy, DJ Catnip, & Catrat) uses Mercat's Robot Maker 1000 to make robot clones to do it for them. But the clones become evil and try to take over Purropolis.

04: Mer-Gas/Iced Cave-Twits: Plug your noses! Mercat has a wicked case of indigestion, so the boys try to teach her that sometimes, It's ok to be gross./Pandy frees a Cave-Cat named (well,) Cave-Cat while trying to make ice cubes with his magic ears and tries to teach him about being modern.

05: Don't Burst My Bubble!/A Catrat's Guilt: To help Mercat's dream to be first female Scaleaton to blow the biggest bubblegum bubble, Team Pandy accidently creates GUMZILLA!!! (Without Pandy's magic ears!) An evil monster who wants to cover Purropolis in super strength (You guessed it:) bubble gum! But first before they can stop him, the boys will have to cheer up a seriously depressed Mercat, who thinks it’s her fault for not giving Pandy’s Ear Magic a chance and creating a giant cranky gum monster./After accidentally hurting her feelings making her cry without even knowing it at first, (by accident!) Team Pandy (with the help of Luli-loo and Bitty Fairy) must teach Catrat about the power of the words "I'm Sorry" to get rid of his Guilt (A feeling he's never fully felt yet!) & cheer up a ridiculously sad and weepy Kitty Fairy.

And the best part: Luli-loo sings the “I'm Sorry Song”!

06: HICCUPing Sea Scales!/Mercat vs. Catrat: Best Frenemies: Team Pandy tries to cure Mercat's hiccups before she inflates and turn into a popped Mermaid!/Mercat & Catrat aren't getting along yet, (Again!) so Pandy, Robo-Gabby and DJ Catnip must try to get them to NOT hate each other. (hopefully…)

07: Robo-Gabby: The Origin Story/A Pandy In Purrr-Clothing: Mercat tells the story of how Robo-Gabby was created to cheer up a sad Human-Gabby-missing Pandy./Worried about losing their gal pals for good, Pandy makes the boys try every trick in the book, then disguise themself as girls to get into Mercat's girls only slumber party in the Bathroom and save their friendship.

08: How to Train Your Kittycorn!/Boyz Vs. Girlz: When Kico enters her rebellious phase, Mercat and Catrat thinks Kico needs discipline, but Pandy and DJ Catnip want to show them that love ALWAYS triumphs over yucky discipline. But why does Kico look like a completely different Kittycorn, and only Blinky Borg knows about it? (We don’t know, *yet,* but we’re sure the Gabby

Cats will (eventually) figure it out!)/After a disagreement about which gender is better, the boys and girls have an all out contest to see which gender is best. Game on! But could this contest ruin their friendship? Let's hope not!

09: It's All About Mercat/The Muscular Pandy Paws!: Mercat is in an EXTRA sassy and flirty mood, and the boys (Well, Catrat, Marty and Cakey at least) try to snap her out of it./To win Mercat's heart, Pandy uses his magic ears to make a protein drink that makes stronger (and angrier) the more he drinks it. Which quickly turns him into a hulking, rampaging rage-(and-protein-) fueled beast!

10: Super Pandy & The Dollhouse Defenders/My Pal Pillow Cat: Team Pandy and Carlita becomes Super Pandy, Bubble Gal, Music-Stretcher Man, Cat-Flash, & the Meow-Mobile: THE DOLLHOUSE DEFENDERS! When they eat glowing green cookies from an asteroid. Which unfortunately, encourages Harsh Strictly and Squawky to fulfill Super Pandy's dream of fighting a real villain. (or in this case, 2!) Super-Dun-Dun-DUUUUUUUUUUUUN!/Catrat, Mercat, Dj Catnip, & Carlita get jealous when Pandy becomes best pals with Pillow Cat, and they both forget who their REAL BFFs are after accidentally getting Catnesia, (amnesia for cats) Thinking it was because Catrat didn't want Pandy to Hug-attack him yet.

11: The Treasure Of Groove-Bread/The Sweet Smell Of Love: The Gabby Cat find a treasure map leading to one of DJ Catnip's uncles: DJ Captain Groove-Bread's hidden treasure, But resident bully Punchy Mcknuckles, & his mean posse: Hippy & Hoppity, Plus Harsh Strictly & Squawky plans to get it first./It's Meow-entine's Day! (Valentine's Day for cats) & Mercat is the main star during the holiday of love, so Pandy uses "Mercat's Ultimate Super Strength Perfume™" so she can fall in love with him and be his one true Meow-entine's, while Catrat uses it to get whatever he wants! But it works a little too well.

12: Collar Control/My Harsh Landlord Buddy: Finally fed up with Pandy using his magic ears after accidentally destroying her favorite rubber kitty duck: Sir Quackerjack The 12th, Mercat **BANS** and sucks up all the magic, glitchy or otherwise, both in the Dollhouse, and Purropolis with her Magic Sucker 12000™, grounds the now magic-less Pandy Paws, Kitty Fairy, Kico Kittycorn & friends until further notice, (Or until she feels guilty) invents a mind control collar to make Pandy the clean, disciplined, responsible cat she dreams he could be, then makes more mind control collars and puts it the rest of the Gabby Cats. (And goes crazy with power.)/Robo-Gabby makes the horrible of inviting Harsh Strictly & Squawky to stay with her and The Gabby Cats so Harsh Strictly can be their friend & not hunt Kico anymore, which backfires quickly when he FINALLY finds Kico!

13: Mercat's Birthday/Flea Me Alone!/Kitty Cops!: Uh oh! The boys forgot Mercat's Birthday! & to make it worse, Mercat is angry at them because she thinks they forgot her birthday! (Which they did!) Let's hope they can find a gift for her./ in this special non-dialogue, Looney Tunes inspired episode, An evil flea army outbreak, led by the extra mean SGT. Flea invades Kico's body, & Cakey tries everything to get rid of them./Team Pandy and Carlita become police officers, after

Pandy accidently hurts Officer Doughmuncher's foot with his Ear Magic. And sadly, they're a little TOO good at it…

14: Fesityitis/A Big Zit-uation: When Carlita drinks the new "Flaming Fireball Energy Drink™", She becomes EXTRA feisty and violent! (Which is pretty bad if you ask us.) So The Gabby Cats must stop her before she destroys Purropolis! But does that mean they'll have to drink the energy drink too? (Well, duh.)/When Mercat gets her first zit (on her forehead) ever, Pandy uses his magic ears to make it go bye-bye. Which of course, turns Mercat's zit into a giant monster.

15: Diary Drama/GROUNDED! (In Purropolis): When the boys loses Mercat's super secret diary, They must try to find it before Mercat finds out./Mercat gets grounded (until she fixes the broken vase (which is surprisingly harder than it looks)) for the first time in her life EVER by her dad: King Tunatrout Scaleaton, who thinks it was Mercat who broke the Scaleaton's prized family vase, (Even though it was Pandy who broke it.) So after Pandy (un) fairly takes Mercat's place as leader, (and breaks ALL the rules too,) the boys take her place in the 3nd annual Purropolis science fair, while Mercat (slowly) goes crazy. (Which, of course, goes HORRIBLY, but hilariously, wrong.)

16: Being Pandy/Freaky Purrday: After breaking his leg, Pandy uses his magic ears to make Catrat look just like him to win the skating contest for him./When Team Pandy accidentally swaps bodies, (Pandy in Catrat's, Mercat in Pandy's, Catnip in Mercat's, & Catrat in Catnip's) They learn that each of their lives AREN'T as easy as they thoughted. (At all, not yet, but at all. There's a BIG difference.)

17: Meowsketballin/Pranks For Nothing: The Gabby Cats are forced to play a Meowsketball game against Punchy Mcknuckles, Hippy & Hoppity, when Pandy bets the dollhouse for a stick of strawberry gum./Tired of getting pranked by "Prank Queens" Pillow Cat & Carlilta on Apurril Fools Day, Team Pandy tries (& tries & tries & tries!) to prank them back. But unfortunately, pranking a lazy yet spunky talking Pillow & a feisty talking car is actually harder than it sounds.

18: Cave-Cats!/Beware The Were-Pandy: In Purropolis (2000 BC), Pan-gar, (Pandy) Mer-Fwee, (Mercat) Dj Bunka, (Dj Catnip) & Meow-glak (Catrat) discover fire./Pandy turns into a Werecat (A evil half Werewolf/half Cat hybrid,) everytime he sees the moon, after getting bit by a rare Kitty-Wolf. So the Gabby Cats decide to find a cure, before Pandy Paws becomes Wolfy Paws, PERMANENTLY!!! (Even though Mercat refuses to believe in Kitty-Wolfs. Both out of fear and Spa Science.)
